

Scenarios for Time actor

Decide Stale-Mate:

-English description:

-In the event that 2 or more AI teams and their corresponding robots never see each other, a draw will be declared. This draw will result in no wins, no losses, no stats updated and will only take place after 10 rounds have passed without any robot seeing any of the enemy robots.

Pre Conditions:

-Only AI Robots are present on the game board.

Flow of Events:

-10 rounds have passed.

-A draw is initiated.

-A pop-up saying a draw has taken place will be shown.

-The game board view will exit.

Post Condition:

-No statistics have been changed.
